9. DIA Update.
 - Department Update
 - Financial Report
10. Parks Report.
11. Miscellaneous.
12. Limited Public Comment.

A quorum of the Board of Commissioners may be present at this meeting.

PUBLIC WORKS & PLANNING COMMITTEE

WEDNESDAY, NOVEMBER 9, 2022

9:00 A.M.

MINUTES

MEMBERS PRESENT: Commissioners Brian Lautzenheiser, Jim Mott, Terrance Augustine, Joseph Brehler, Blake Mulder, Barbara Rogers, and Jane Whitacre

ALSO PRESENT: Ruthann Clark, Claudine Williams, Chris Garrison, Morgan Feldpausch, Travis Keeton, Tim Lamoreaux, Keith Barber, Eric Hafner, and John Fuentes

The November 9, 2022 regular meeting of the Public Works and Planning Committee was called to order at 9:00 a.m. by Chairperson Lautzenheiser.

The Pledge of Allegiance was given by all.

Commissioner Whitacre moved to approve the agenda, as presented. Commissioner Augustine seconded. Motion carried unanimously.

Commissioner Rogers moved to approve the minutes of the October 12, 2022 meeting, as presented. Commissioner Brehler seconded. Motion carried unanimously.

An update was provided on the remaining appointments. Two appointments to the Road Commission expire December 31. Four citizen involvement applications were received. Tim Lamoreaux, Keith Barber and Eric Hafner were present and each discussed their interest in serving on the Board of Road Commissioners.

Commissioner Mulder moved to recommend the re-appointment Tim Lamoreaux and appointment of Keith Barber to six-year terms on the Board of Road Commissioners expiring December 31, 2028, to the Board of Commissioners. Commissioner Mott seconded. Motion carried unanimously.

Commissioner Brehler moved to recommend the re-appointment of Zachary Dillinger, Brian Ross and Timothy Cattron to three year terms on the Planning Commission; Nicole Chmielewski and Timothy Cattron to three year terms on the Zoning Board of Appeals; David Roberts and Duane Ross to two year terms on the Purchase of Development Rights Selection Committee and Claudine Williams to the Capital Area Regional Transportation Study Committee, to the Board of Commissioners. Commissioner Augustine seconded. Motion carried unanimously.

Deputy Drain Commissioner, Ruthann Clark, was present to provide the semi-annual update of the Drain Commissioner. Reports of the petition and construction activities and maintenance and repair activities were provided.

A resolution to require a cash deposit to cover preliminary costs associated with a petition to designate a drainage district was presented for consideration. Discussion held regarding the circumstance requiring a deposit and the amount of deposit that may be required. The committee requested further research for possible revisions to be incorporated into the proposed resolution for future consideration.

Claudine Williams, Community Development Director, was present to provide the Department's monthly update. It was reported that two public hearings have been scheduled for November 16. One to complete revised closeout requirements for the 2017 CDBG Grant program and a second to receive comment for the current year the expenditure of emergency repair program housing funds.

It was also reported that the State Preservation Board is making grant funds available for purchase of development rights (PDR) applications. The application process has been announced, the PDR Board will meet to review applications received and also use the opportunity to review the current PDR Ordinance. Recommended applications and revisions to the ordinance will be presented to the Committee at its December meeting.

Chris Garrison, Construction Code Enforcement Director, was present to provide the Department's monthly update. Permit, Inspections, Enforcements and Housing Start reports were provided.

Morgan Feldpausch, Resource Recovery Coordinator, was present to provide the monthly update for the Designated Implementing Agency.

A resolution recommending vendor contract awards for the Household Hazardous Waste, Electronics and Battery recycling programs based on the bid analysis distributed and discussed was presented for consideration.

Commissioner Augustine moved to recommend the recycling program vendor contract resolution to the Board of Commissioners, as presented. Commissioner Mott seconded. Motion carried unanimously.

Commissioner Brehler moved to recommend approval of the MI Scrap Tire Regional Recycling grant application to the Board of Commissioners, as presented. Commissioner Augustine second. Motion carried unanimously.

The committee agreed to designate Commissioner Brehler as the elected official liaison for the Resource Recovery Department's membership application to local governments for sustainability (ICLEI).

Travis Keeton, Park Director, was present to provide the Department's monthly update.

Commissioner Mulder moved to recommend approval of a right-of-way easement, for a crossing on the Thornapple Trail, to Mr. John Vincent. Commissioner Mott seconded. Motion carried unanimously.

Director Keeton requested approval to pursue a state DNR SPARK grant for the construction of road infrastructure including an entrance road within Crandell Park. The request is to submit a grant application for the \$1 million maximum allowable.

Commissioner Whitacre moved to recommend approval of a resolution authorizing the SPARK grant application to the Board of Commissioners. Commissioner Mott seconded. Motion carried.

There was also discussion regarding the creation of the Parks Capital Projects Committee, to determine priorities for funding and local grant projects based on the unofficial election results of November 8, indicating voter approval of the Park and Open Space Millage proposal.

Executive summaries of the semi-annual groundwater monitoring and PFAS monitoring events were presented. The results have been submitted to EGLE for their review. It was reported that during the sampling events the testing agent recommended the replace of some of the monitoring wells to ensure accurate samples can continue to be taken.

A proposal for the replacement of the monitoring wells was presented and discussed.

Commissioner Brehler moved to recommend the proposal to the Ways and Means Committee for the consideration of a budget amendment to complete the necessary work. Commissioner Mulder seconded. Motion carried unanimously.

Chairperson Lautzenheiser adjourned the meeting at 10:21 a.m.

The next regularly scheduled meeting of the Public Works and Planning Committee will be held at 9:00am on Wednesday, December 14, 2022 in the Board of Commissioners Room of the Courthouse located at 1045 Independence Blvd, Charlotte MI 48813.

**Community Development and Housing Department Report 11/30/2022
For Public Works & Planning Committee December 14, 2022**

Case Status: (Permits and Applications Activity summarized on attached table):

- The **Planning Commission** did not meet in November due to a lack of business.
- The **Board of Appeals** did not meet in November due to a lack of business.
- The **Zoning Ordinance Committee** met on November 15th to discuss zoning ordinance amendments.

Zoning and Junk Code Enforcement (Activity is summarized on attached table):

- Currently there are twenty-eight (28) junk violations and twenty-six (26) zoning violations. Four (4) tickets were issued for zoning and junk violations in Vermontville and Kalamo Townships.
- Ms. Williams and Mr. Garrison are currently working on a violation in Eaton Township in reference to an agricultural building.

Housing Department Activities:

- Three emergency housing projects have been completed; two new roofs (one in Charlotte and one in Bellevue) and one new furnace in Charlotte. Ms. Williams is working on verifications for another file for a new roof in Eaton Township and with another applicant in Mulliken for home foundation repairs.
- The current total Program Income revolving loan fund balance is \$132,856. Total amount to be spent before June 30, 2023 is \$113,131. Two (2) program payoffs have been received since July 1, 2022.

Economic Development Activities:

- Ms. Williams received (and forwarded to all locals) five (5) site searches in the month of November. Two inquiries were for property only, one was for existing building only, and two were for either property or a building.

Veteran Service Activities:

- Ninety-one (91) Veteran appointments were conducted in November.
- One (1) veteran was transported to the Ann Arbor hospital by a volunteer driver.

Other:

PDR grant application. Staff did not receive any applications for the PDR program this year. Ms. Williams plans to meet with the committee in early 2023 to discuss potential future promotion of the program and to review the current ordinance for any potential amendments.

Master Plan Update. The Planning Commission has reviewed Chapter's 1-4 and are working on public surveys. Township meetings were held in October and stakeholder meetings in reference to education, transportation, regional agencies and agriculture will be in December. Additionally, Ms. Williams met with Morgan Feldpausch in reference to sustainability goals the Planning Commission may want to consider incorporating into the plan.

Additionally, Ms. Williams attended the following: CARTS, Health & Human Services, Human Services Collaborative Council (HSCC), Continuum of Care (CoC), CoC Strategies and Grants Committee, and several Broadband meetings.

Resource Recovery Department Report

For Public Works & Planning Committee

November 2022

General Updates:

On 12/8/2022 Michigan's legislature passed the eight-bill package designed to update Michigan solid waste law, Part 115 of the Natural Resources and Environmental Protection Act (HB 4454-4461). Bills are expected to be signed by the governor. General summary of what the policies will do:

- Level the playing field for all materials management facilities – disposal, recycling, composting, and others
- Remove policy preference for landfill disposal
- Set recycling and material utilization goals that reflect local communities
- Establish benchmark recycling standards to assure services are provided
- Assist local governments in planning and materials management
 - Provide funding for planning and implementation of plans
- Update regulations and oversight tools to meet the needs of a changing industry

Solid Waste Ordinance Licensing forms for 2023 were mailed to current licensed waste haulers on 12/2/2023 - with the exception of Lebron Trash Hauling due to on-going ordinance noncompliance issues. On 12/8/2022 the department sent a letter to Lebron Trash Hauling communicating the company's ineligibility for waste hauler license renewal due to ongoing violations with the ordinance. An informal hearing on the ongoing violations has been scheduled for 1/4/2023 by District Court.

As part of the Department's on-going program evaluation project and Michigan Materials Management County Engagement (MMCE) Grant project, Resource Recycling Systems (RRS) has worked with the department to develop a survey for local municipal representatives. The survey will open and be sent to local municipal representatives and is expected to be completed within the next two weeks. The goals of the survey are as follows:

- Notify local representatives of the project, reason for the project, and of the progress of the project
 - Provide information on existing programs and challenges
 - Gain local support for improvement goals
- Provide a means for meaningful local engagement in the project
 - Identify highest areas of concern in regards to existing and future programs
 - Obtain feedback on identified goals and framework(s) for programs
- Identify local partnership opportunities and pathways

The department is also coordinating with RRS to schedule an additional opportunity for in-person engagement in the project.

Local Projects:

2022-2023 Solid Waste Alternative Grant first quarter reports will be sent to program participants on 12/19/2022. Completed reports are due on 1/31/2023.

County Programs:

The department has been working to finalize agreements with program vendors and to coordinate 2023 collection program dates. In efforts to remain consistent with previous collection program years, the department plans to release collection event dates, information, and open event registration in March 2023.

Sustainability Steering Committee Update
November 2022

Michigan Green Communities (MGC) Program

The Department has been working to prepare a preliminary application and action item record for the 2022 MGC program. Due to the multidisciplinary nature of sustainability, the department has worked with various other County Departments to determine the status of individual action items and develop individual action item records. Overall, the effort has received positive support from other departments, with several expressing interest in further involvement in sustainability planning efforts.

Based on the initial analysis of action items, the county is expecting to achieve 68 points, with the potential for more based on the likely completion of pending projects within the next three weeks. A total of 60 points are required for silver level status or 100 for gold level status, both levels grant access to valuable resources including the University of Michigan's Catalyst Leadership Circle Fellowship program.

ICLEI – Local Governments for Sustainability

The department met with a representative of ICLEI on 11/29/2022 in efforts to identify obtainable goals for the County in regards to its year-long membership. Based on the County's ongoing related initiatives (MGC program participation and the Campus Environmental Social Placemaking Plan for example) and the support received for these internal initiatives, either the framework or full development of an operational Campus Sustainability Action Plan was recommended as an attainable goal for consideration.

SUMMARY OF HOUSE BILLS 4454-4461

Part 115 Update

March 30, 2021

This policy package aims to improve waste management and increase recycling rates without imposing mandates or increasing tipping fees. Funding to support this work was secured in 2018 with the passage of the Renew Michigan Fund. The proposed policy changes will:

- Level the playing field for all materials management facilities – disposal, recycling, composting, and others.
- Remove policy preference for landfill disposal.
- Set recycling and material utilization goals that reflect local communities.
- Establish benchmark recycling standards to assure services are provided.
- Assist local governments in planning and materials management.
- Update regulations and oversight tools to meet the needs of a changing industry.

HB 4454 | General & Definitions | Rep. Howell

- Defines Benchmark Recycling Standards, as minimal level of service provision. With the following goals:
 - 90% of single family households in municipalities over 5,000 to receive curbside recycling service for one or more materials by 2028.
 - Counties with population less than 100,000 to host one drop-off recycling per 10,000 residents.
 - Counties of populations over 100,000 to host at least 1 drop-off for every 50,000 residents
- Defines types and levels of composting facilities requirements for managing volumes and types of organics.
- Defines functional stability of a landfill.

HB 4455 | Definitions & Goals | Rep. Cambensy

- Defines required host community approval for hosting a facility within jurisdiction.
- Defines managed material and materials utilization facilities.
- Establishes goals to optimize and reach a 45% recycling rate.
- Requires facilities to comply with Part 115, county plans, and defines terms for required registration and permitting.

HB 4456 H-1 | Disposal Areas & Waste Diversion Centers | Rep. Sowerby

- Adjusts fees on disposal areas as negotiated with industry, less than inflation.
- Includes new landfill gas management and flexible post-closure requirements.
- Allows EGLE to enter, inspect, and monitor sites and facilities.

HB 4457 H-1 | Financial Assurance | Rep. Rabhi

- Sets forth financial assurance requirements for site clean-up in cases of bankruptcy and other catastrophic failures.
 - Adjusts the financial assurance required for landfills.
 - Establishes financial assurance for other types of materials management facilities.

HB 4458 | Miscellaneous Provisions & Enforcement | Rep. O'Malley

- Provides option for the state to develop a materials management plan for a county that chooses not to plan.
- State-developed plan will ensure haulers operating within the county will offer services that meet the benchmark recycling standards.

HB 4459 | Funds and Grants & Beneficial By-Products | Rep. Martin

- Identifies how state Renew Michigan funds are to be allocated for activities that include planning, grants and loans for market and infrastructure development, education & outreach, and economic development.

HB 4460 H-1 | Materials Utilizations Facilities | Rep. VanSingel

- Establishes a larger regulatory structure to provide increased oversight of compost facilities, as well as recycling plants and anaerobic digesters.
- Identifies the limits of small, medium, and large compost facilities and fees for registration.

HB 4461 H-1 | Materials Management Plans | Rep. Tate

- Updates county solid waste planning to county materials management planning.
- Encourages the development of regional planning.
- Sets forth a timetable for planning and requirements for involvement in the process.
- Identifies current mechanisms that can be used to fund service provisions.
- Requires notice of planning activities to municipalities with 2 miles of a proposed facility.
- Makes funding available for planning and implementation of those plans.
 - Every year \$60,000/county, first three years of a planning cycle counties will receive \$.50 per capita not to exceed \$600,000.
 - Directs some types of funding to those counties that can demonstrate progress toward defined goals and benchmark standards.

Directors Report-December 14th 2022

Monthly Briefing:

Eaton County Grant Application: I have put together the beginning portion of the Eaton County Grant Application process. A portion of money generated from the recent park's millage will be used for park related projects for cities, village, or townships located in Eaton County. We need to determine a few items for the application process before I can proceed any farther. Minimum/maximum amounts, matching funds needed, are applicants allowed to submit a grant request every year, total amount of grant money allocated per year, grant application process, and a timeline when this application process will begin.

Park Entry Fees: Parks typically orders seasonal passes this time of the so a determination will need to be made if there will be an entry fee into Eaton County Parks.

Priority Health Grant Update: Still working on obtaining funding for the Fitness Court.

Additional Park Staff: With the passing of the millage Eaton County Parks is very excited for the funding and the ability to complete many deferred maintenance projects and develop park properties now and well into the future. In order to complete these in a timely manner and still keep up on the operational aspect of parks I would like the board to consider approving a new position, Maintenance Supervisor.

Conditional Use Permit: In the process of completing a new Conditional Use Permit through Eaton County for the changes located at Crandell Park. The changes include a new interior road, 2 parking lots, and 1 entrance. The road will be gravel as well as both parking lots. The reason for using gravel material is cost.

Spark Grant: Currently finishing up the Spark Grant application, if awarded these funds will be used for construction of 1 entrance, 1 interior road and 2 parking lots for Crandell Park.

Old Business:

1 Ton Truck: Still waiting on delivery but I am being told we could see this vehicle in 3 weeks!!!

Crandell Boat: Disposing in early/late winter.

Happy Holidays everyone!!!!!!!!!!!!!!

202X-202X Eaton County Grant Application

Introduction:

The Eaton County Parks and Recreation Millage was passed by voters on November 8th 2022. A portion of these funds will be used for competitive grant programs that support local park improvement projects located in Eaton County, MI. The Eaton County Parks and Recreation Grant Program was created to assist local communities with planning, purchasing, preliminary engineering/design, and construction costs directly related to park projects located in Eaton County.

The total annual amount available for the fiscal year in 2023 is \$XXX,XXX the fiscal year will begin October 1st 2023. Eaton County Board of Commissioners reserves the ability on a yearly basis to adjust the funding in each grant program at its sole discretion.

Eligibility:

Funding for cities, villages, and townships within Eaton County for park related improvements who provide recreation, conservation, and natural resource access within locally owned and operated parks. Grant projects must be located in Eaton County, Michigan. Grant application must be submitted by a city, village, or township in Eaton County. The State of Michigan, school districts, regional authorities, federally recognized Native American tribes, colleges, universities, private recreation providers, land conservancies, and conservation districts are NOT eligible. If applicants have any questions about the grant application process please contact the Eaton County Parks & Recreation Department at (517)-627-7351 or via email at tkeeton@eatoncounty.org.

Funding:

Funding is generated through the Eaton County Parks Millage. Resources are limited and it is possible not all grant applications will receive funding. Available funding for the County's 202X-2X fiscal year is \$XXX,XXX.

Grant Limits:

Park Improvements Grant Program

\$1,000 minimum-\$25,000 maximum?

Grant Match:

? My suggestion is zero dollar or zero percentage grant match. Villages and townships may have a difficult time coming up with a match amount.

Timeline

Activity	Timeline
Grant Application Submission	May 31 st 202X, 11:59pm (EST) deadline
Grant request compiled by Parks Director	June 15 th - July 15 th
Parks Director submits recommendations to Eaton County Board of Commissioners	July 15 th - 31 st
Eaton County Board of Commissioners renders decision and sends grant agreements to applicants	August 31 st
Submission of grant agreements to Eaton County Parks and Recreation	September 15 th
2023-2024 Eaton County Parks Grant Cycle	October 1 st , 202X- September 30 th , 2023 11:59 (EST) deadline

Evaluation Criteria

Applicants are encouraged to develop projects that will enhance or provide long term and viable recreational opportunities. Applicants are evaluated based on financial needs, access to natural resources, and conservation.

Application Guidance

Project Title

Please use a title that includes the applicant municipality name and a few words to describe the proposed project.

Primary Grant Authorized Administrators Contact Information

This should be the person responsible for administering the grant and should be someone directly familiar with the project and will be able to answer questions about the project.

Project Details

1. Describe the physical location of the proposed project and ownership of the property. (250-word max)
2. Describe the project design and why it was chosen. (250-word max)
3. Describe the community need for the project, describe how you are proposing to meet an existing identified need and not duplicating services. (250-word max)
4. Describe anticipated community impact and usage. (250-word max)

Project Identification in Planning Documents (250-word max)

Indicate where and how this project is addressed in relevant community planning documents, which may include: 5-year Parks Master Plan, Capital Improvement Plan, Park Master Plan, Community Master Plan, Trail Master Plan, Pathway Plan, etc. Please provide a link or directions to where the documents can be found. If not available online please include documents.

Public Engagement/Support (250-word max)

Applicants must hold at least one (1) public meeting (advertised in a manner that would satisfy the Michigan Open Meeting Act) to receive public input about the project. This can be a regularly scheduled board/commission meeting or separate stakeholder or public input meeting. Support for the project will need to be demonstrated in the application. Include a summary of all relevant public engagement regarding the proposed project.

ADA Compliance/Universal Accessibility (max250-words)

Projects must, at a minimum meet accessibility requirements of the ADA-2010 ADA Design Standards. Projects not covered under the ADA should follow the USA Access Board Outdoor Developed Areas Accessibility Guidelines. Indicate whether you consulted with anyone in the disability community for review of the design of the project or of specific scope items that relate to accessibility. Upload a letter or meeting minutes which specifies their recommendations, if any, on how the project can meet or exceed ADA requirements. Letters from consultants or equipment representatives will not be considered as input from an advocate of the disability community.

Project Dates

The grant period for projects is one year from the date the grant agreement is executed. Example of this is, if you are awarded a grant through Eaton County on September 1st 2023 the deadline for completion of the project would be no later than September 1st 2024. Grant monies not used during the grant period (including any approved extensions by Eaton County) will be forfeited and allocated funds will be returned to the Eaton County Grant Program. Grant period extensions may be requested, in writing by grantees prior to the end of an identified grant period. Any extensions will be denied or granted at the discretion of Eaton County Grant management staff.

Certified Resolution

A certified copy of a resolution from the applicants governing body (city council, village council, township board) must be attached. This resolution shall include the following:

1. Approval of the Community's participation in the program
2. Authorization of the application for the program
3. Designation of the person authorized to sign on the Community's behalf

Required Attachments

Project Location Map: Applicant must submit a map with the project location.

Project Site Plan/Map: Applicant must submit a map or site plan that shows the detailed locations of the project scope items to be funded by the grant, i.e., proposed playground location, proposed trail route, etc.

Certified Resolution: Applicant must submit a Certified Resolution.

Recognition Sign

Applicants that are awarded grants through the Eaton County Grant Program are required to purchase and display a recognition sign. This signage must be posted and present for the life of the project. The recognition sign can be purchased separately or can be included into the grant monies awarded. The recognition sign is ordered through Eaton County once the project is completed it is transferred to the grantee and it is their responsibility to properly display it.

Grant Submittal

All grant materials should be submitted to:

Eaton County Parks & Recreation
133 Fitzgerald Park Drive
Grand Ledge, Michigan 48837

Or

Electronic submission to:

tkeeton@eatoncounty.org

Items to be determined:

1. Total allocation from parks millage?
2. Minimum/Maximum award amount?
3. Minimum local financial participation? i.e., matching requirement.
4. Other funding leveraged?
5. I indicated the initial process will be submitted to the Eaton County Parks Department and submitted to Eaton County Board of Commissioners for a final decision, if we want to keep this process then we are set.
6. I have not added any type of points system for this grant application as I think this process is already adding quite a bit of extra work and a points system might make this too technical and again add much more work once the applications are finished.
7. Timeline for the grant will need to be established. Above I have dates listed but this might need to be changed.

8. Do we want to add Sustainability and Long-term Maintenance as mandatory on the application process? Again, I think this will add a lot of work for myself and the applicant. We can maybe ask if the local unit of government has received a grant from Eaton County previously and inquire about past projects and determine if the funds used have been used properly?
9. I did not breakdown the grant into specific sections. What I mean by this is I have it written where you are apply for a grant and it does not matter if it is for trails, facilities, land acquisition, etc. I think this just makes it easier for everyone involved to have a straight forward application.
10. Will this application process be online only, mail in only, or both? I think we should have a form online that can be downloaded and all information can be sent by either email or mail.
11. Will qualified applicants be able to apply for this grant every year or do we want to make it every 2 years or more? I think yearly is acceptable.

**STATE OF MICHIGAN
COUNTY OF EATON
BOARD OF COMMISSIONERS**

RESOLUTION

WHEREAS Sections 51 and 191 of the Michigan Drain Code, Public Act 40 of 1956, as amended (“Drain Code”) allows the Board of Commissioners for the County of Eaton to require a cash deposit, sufficient to cover the preliminary costs, as determined by the Eaton County Drain Commissioner (“Drain Commissioner”), associated with any application to lay out and designate a drainage district or petition for maintenance and improvement of an existing county drain, be submitted to the Drain Commissioner: and

WHEREAS, if such project is completed, the cost advanced shall be returned to the depositor out of the first installments of special assessments and if the project is uncompleted, any excess above costs shall also be returned.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners for the County of Eaton, that pursuant to Sections 51 and 191 of the Drain Code, the Eaton County Drain Commissioner is authorized to require a cash deposit to cover the estimated preliminary costs associated with any application to lay out and designate a drainage district if the application is submitted by a municipality or developer, in an amount not to exceed 10% of the estimated costs and not to exceed \$10,000.

RESOLUTION approved this _____ day of _____, 20__, by the Board of Commissioners of the County of Eaton.

MOVED:

SECONDED:

CARRIED:

I hereby certify that the above Resolution was adopted at the Eaton County Board of Commissioners regular meeting of the _____ day of _____, 20__

Diana Bosworth, Eaton County Clerk

CHAPTER 3.

COUNTY DRAINAGE DISTRICTS.

280.51 County drainage districts; application, signers, eligibility, sufficiency; deposit for costs. Sec. 51. Before a commissioner takes any action on any application to locate, establish and construct any drain, there shall first be filed with him an application to lay out and designate a drainage district with reference to a proposed drain therein; such application shall tentatively describe the location and route of such proposed drain. The application shall be signed by not less than 10 freeholders of the township or townships in which such proposed drain or the proposed lands to be drained thereby may be situated: Provided, That 5 or more of said signers shall be the owners of land liable to an assessment for the construction of such proposed drain: Provided further, If it shall appear to the drain commissioner on filing an application to lay out and designate a drainage district that said district might not include 20 freeholders whose lands would be liable for such assessment, in such case such application shall be received if any one of the signers is a freeholder liable to an assessment for the construction of such proposed drain. The eligibility of the signers to such application shall be determined by the drain commissioner according to their interest of record in the office of the register of deeds, in the probate court or in the circuit court of the county in which such lands are situated at the time such application is filed. The board of supervisors, by resolution, may instruct the drain commissioner to refuse any application to lay out a drainage district unless a cash deposit, sufficient to cover the preliminary costs, accompanies the application. If the drain is completed, the cost advanced shall be returned to the depositor or his personal representative out of the first tax collections on the drain. If uncompleted, any excess above costs shall be so returned. In lieu of an application signed by freeholders as aforesaid, such an application may be signed solely by the board of health of the county if the proposed drain is necessary for the public health of any part of the county, or may be signed solely by any city, village or township when duly authorized by its governing body, if the proposed drain is necessary for the public health of such municipality and if such municipality will be liable for an assessment at large against it for a percentage of the cost of the proposed drain. The entry of an order designating a drainage district, as hereinafter provided, shall be deemed a determination of the sufficiency of such application.

CHAPTER 8.

CLEANING, WIDENING, DEEPENING, STRAIGHTENING AND EXTENDING DRAINS.

280.191 County drains; maintenance and improvements; petition; determination of necessity; apportionment. Sec. 191. (1) If a drain or portion of a drain traverses lands wholly in 1 county, if lands only in 1 county are subject to assessment, and if the drain needs cleaning out, relocating, widening, deepening, straightening, tiling, extending, or relocating along a highway, requires structures or mechanical devices that will properly purify or improve the flow of the drain or pumping equipment necessary to assist or relieve the flow of the drain, needs supplementing by the construction of 1 or more relief drains, which may consist of new drains or extensions, enlargements, or connections to existing drains, or needs 1 or more branches added to the drain, any 5 freeholders or at least 50% of the freeholders if there are fewer than 5 freeholders whose lands shall be liable to an assessment for benefits of the work, may make petition in writing to the commissioner setting forth the necessity of the proposed work. Upon filing of the petition, the commissioner shall proceed in the same manner provided in this act for the location, establishment, and construction of a drain. (2) If the petition described in subsection (1) is necessary for the public health of 1 or more cities, villages, or townships, the petition may be signed solely by a representative of a city, village, or township if authorized by its governing body or by a combination of the cities, villages, or townships if each city, village, or township will be liable to assessments at large for a percentage of the total amount assessed for the cost of the proposed work. (3) As soon as practicable after the board of determination determines the necessity for the work, as provided in section 72, and the commissioner files the final order of determination prescribed in section 151, the commissioner shall proceed as provided in chapter 7. However, if the apportionment is the same as the last recorded apportionments, a day of review is not required.
